ACADEMY OF THE PACIFIC

The Academy of the Pacific is a non-profit Independent School for boys and girls in grades 6 through 12. Small by design, with 16 teachers for a student body of 150, the Academy is non-sectarian, and admits students without regard to race, color or creed.

The curriculum offers preparation for education beyond high school and almost all of our graduates enroll in college. Individual differences and learning styles are considered in class placement, and developmental reading and math classes are available. The Academy's emphasis is upon maximum academic and personal growth.

Classes from 3 to 16 students include the traditional subject areas of English, Social Studies, Mathematics, Science, Business, Foreign Languages, Performing Arts, Visual Arts and Physical Education. Each class is adapted to the abilities and interests of its members. Opportunities for Honors work are offered within most classes.

The Academy administers a battery of standardized tests, and admission is offered to students whose profiles fit them for the available openings. Every effort is made to furnish needed financial aid, within the limits of funds available. Applications far exceed openings.
